# America's National Game

## By A. G. SPALDING

PRICE, \$2.00 NET

A book of 600 pages, profusely illustrated with over 100 full page engravings, and having sixteen forceful cartoons by Homer C. Davenport, the famous American artist.

No man in America is better equipped to write on all the varied phases of the National Game than is A. G. Spalding. His observation and experience began when the game was young. He gained fame as a pitcher forty years ago, winning a record as player that has never yet been equalled. He was associated with the management of the pastime through trying years of struggle against prevailing evils. He opposed the gamblers; he fought to eradicate drunkenness; he urged and introduced new and higher ideals for the sport; he was quick to see that ball playing and the business management of clubs, at the same time and by the same men, were impracticable; he knew that ball players might be quite competent as magnates, but not while playing the game; he was in the forefront of the fight against syndicating Base Ball and making of a Nation's pastime a sordid Trust; he was the pioneer to lead competing American Base Ball teams to a foreign land; he took two champion teams to Great Britain in 1874, and two others on a tour of the world in 1888-9; he was present at the birth of the National League, and has done as much as any living American to uphold and prolong the life of this great pioneer Base Ball organization.

When A. G. Spalding talks about America's National Game he speaks by authority of that he does know, because

he has been in the councils of the management whenever there have been times of strenuous endeavor to purge it from abuses and keep it clean for the people of America—young and old.

In this work Mr. Spalding, after explaining the causes that led him into the undertaking, begins with the inception of the sport; shows how it developed, by natural stages from a boy with a ball to eighteen men, ball, bats and bases; gives credit for the first scientific application of system to the playing of the game to Abner Doubleday, of Coopers-town, N. Y.: treats of the first Base Ball club; shows how rowdyism terrorized the sport in its early days; how gambling and drunkenness brought the pastime into disfavor with the masses, and how early organizations were unable to control the evils that insidiously crept in. He then draws a series of very forceful pictures of the struggle to eradicate gambling, drunkenness and kindred evils, and shows how the efforts of strong men accomplished the salvation of the great American game and placed it in the position it occupies to-day—the most popular outdoor pastime in the world.

Interspersed throughout this interesting book are reminiscences of Mr. Spalding's own personal observations and experiences in the game as player, manager and magnate, covering a period of many years. Some of these stories deal with events of great import to Base Ball, and others have to do with personal acts and characteristics of players prominent in the game in earlier days—old time favorites like Harry and George Wright, A. C. Anson, Mike Kelly, Billy Sunday and others.

This book should be in the library of every father in the land, for it shows how his boy may be built up physically and morally through a high-class pastime. It should be in the hands of every lad in America, for it demonstrates the possibilities to American youth of rising to heights of eminent material success through a determined adherence to things that make for the upbuilding of character in organizations as well as of men.

Mailed postpaid on receipt of price by any Spalding store (see list on inside front cover), or by the publishers,

## CONDITIONS OF MEMBERSHIP.

1. An allied member may at any time be admitted by a two-thirds vote of the Board of Governors of this Union, upon such

conditions, consistent with the provisions of this Constitution, as may be agreed upon between such proposed allied member and the Board of Governors.

2. An active member may at any time be admitted upon the following conditions: (a) That application in writing, in the form prescribed by the By-Laws of this Union, be made to the Secretary-Treasurer of the Union. (b) That such membership shall be subject to suspension or forfeiture in the event of failure to comply with any requirements of this constitution or of any by-law hereunder, or any decree or ruling of the Board of Governors or of the National Registration Committee; and it is expressly stipulated that any decree of suspension or forfeiture, when affirmed by two-thirds of the Board of Governors voting, shall be final and binding. (c) That it shall not make any amendment of its Constitution or By-Laws without first submitting the proposed amendment to the Board of Governors of this Union, and that any such amendment made without the vote of a majority of the Board of Governors shall be void. (d) That in the event of its club membership being reduced to less than four organizations, its membership in this Union shall cease, and this Union shall be entitled to allot its surviving clubs and territory to any other active member. (e) That in the event of any clubs making formal application to be admitted, as a separate association, to active membership in this Union, this Union shall be empowered, in its discretion, by a two-thirds vote of its Board of Governors voting, to admit the same as an active member, and to allot its territory. (f) That all games or athletic meetings given by such member, and the qualifications of all persons competing at such meetings, either as members of its clubs or as unattached athletes, shall be in conformity with the "Conditions of Competition" prescribed by this Constitution, and the By-Laws and Rules adopted and prescribed by the Board of Governors. (g) That such membership shall take effect upon the election of the applicant by a two-thirds vote of the Board of Governors voting. (h) The prescribed form of Constitution and By-Laws of each of the Associations, specified in Section 3 of Article III. of this Constitution, upon their assuming active membership in this Union, is appended to this Constitution.

## ARTICLE V.

### OBLIGATIONS, SUSPENSION AND EXPULSION OF MEMBERS.

1. The acceptance of allied membership in this Union by any allied Association shall operate as an agreement binding upon this Union and such allied member that both will abide by the terms

of the alliance until either party, upon such notice as agreed upon in the terms of alliance, shall voluntarily withdraw therefrom.

2. The acceptance of active membership in this Union shall bind such member to abide by all the conditions thereof as set forth in Section 2 of Article IV of this Constitution, and also all other provisions of this Constitution and of the By-Laws and Rules of this Union; and to accept and enforce all decisions of the Board of Governors and of the National Registration Committee.

3. Any violation of the Constitution, By-Laws or Rules of this Union, or decisions of the Board of Governors, or of the National Registration Committee, by any active member of this Union shall render such member liable to suspension by the Board of Governors until the next annual or special meeting of this Union, and to expulsion by a two-thirds vote of all the active members voting at such meeting. In case of persistent defiance of directions of this Union, such active member may be expelled, and the territory thereof reorganized or divided between the other members of the Union, consistently with the Constitution.

## ARTICLE VI.

### REPRESENTATION OF MEMBERS.

1. Every allied member shall be entitled (unless otherwise provided in the terms of alliance) to be represented at every meeting of this Union by not more than four delegates or alternates of such delegates, having, collectively, one vote.

2. Every active member must elect annually six delegates to represent it at meetings of the Union, and such delegates must be members in good standing of clubs belonging to such member, and may also elect six alternates of such delegates, who must be members of any of its own or of any other active member's clubs, except that no member of the Board of Governors shall be elected an alternate, and in no case shall any delegate or alternate represent more than one active or allied member. All the representatives of one active member shall collectively have one vote.

3. The election of every delegate and alternate shall be duly certified by the principal executive officer of the active or allied member.

4. All members of the Board of Governors shall be elected from the duly certified delegates. No alternate shall be elected a member of the board.

5. Election of members of the Board of Governors shall occur at the annual meeting and by majority vote of representatives present and entitled to vote. The Board of Governors, upon the occurrence of a vacancy therein from any cause, may elect, by a

majority vote of members voting, a new member of said Board, but only from the member's delegation in which the said vacancy shall have occurred. Such member so elected shall, if he continues eligible, serve until the next annual meeting thereafter.

6. Any allied or active member may at any time, on notice addressed to the Secretary-Treasurer of this Union by the chief executive officer of such member, withdraw any or all of its delegates, provided a like number of delegates be at the same time substituted for those withdrawn; and if any delegate so withdrawn be at the time a member of the Board of Governors, the Board shall fill the vacancy as provided in Section 5 of this Article.

## ARTICLE VII.

1. The government and general direction of the affairs of the Union shall be committed to a Board of Governors constituted as follows: One representative from each allied member and five delegates-at-large, and each ex-President of the Union who shall have served a full term and is a member in good standing of an A.A.U. club; and each ex-Secretary of the Union who shall have served a full term and is a member in good standing of an A.A.U. club; three representatives from each active member and one additional representative from each active member for twenty-five clubs above the four clubs required to constitute an active member, belonging to said active member.

3. The Board of Governors, so elected, shall elect from their own number a President, four Vice-Presidents, a Secretary-Treasurer, each of whom shall serve for a term of one year or until his successor is chosen, and each of whom shall perform the duties prescribed by the By-Laws.

4. At the first meeting of the Board of Governors after each annual meeting of the Amateur Athletic Union, the President, with the advice and consent of the Board of Governors, shall appoint from among the membership of the active and allied members of the Union, five delegates-at-large, who shall have all rights and privileges of other members of the Board. The five delegates-at-large so appointed shall, collectively, have one vote, and the ex-Presidents with the ex-Secretaries of the Union shall, collectively have one vote at all meetings of the Amateur Athletic Union and of the Board of Governors.

5. Whenever the Union shall be entitled to representation in

an allied member, the President shall appoint such representative from among the membership of the active members of the Union.

## ARTICLE VIII.

### DUTIES AND POWERS OF BOARD OF GOVERNORS.

1. To admit to allied or active membership any association eligible under this Constitution applying therefor, if by a two-thirds vote they deem proper.

### CONDITIONS OF COMPETITION.

1. No person shall be eligible to compete in any athletic meeting, game or entertainment given or sanctioned by this Union who has (1) received or competed for compensation or reward, in any form, for the display, exercise or example of his skill in or knowledge of any athletic exercise, or for rendering personal service of any kind to any athletic organization, or for becoming or continuing a member of any athletic organization, or received or accepted any prize or reward for an exhibition, or otherwise than in a recognized competition; or (2) has entered any competition under a name other than his own, or from a club of which he was not at that time a member in good standing; or (3) has knowingly entered any competition open to any professional or professionals, or has knowingly competed with any professional for any prize or token; or (4) has issued or allowed to be issued in his behalf any chal-

NOTE.—The following interpretation of Article X., Section 1, is given for the guidance of college athletes: A question having arisen in December, 1906, as to whether undergraduates competing in events open only to college students would thereby affect their right to represent the club in which they are registered, the Chairman of the National Registration Committee after consultation with the President and the Chairman of the Legislation Committee advised members of the National Registration Committee and of the various district registration committees that under construction of the rules to be found under heading "Summary of Tests which have been applied in the determination of questions of amateur standing" in the Official Athletic Rule Book, such competition would not affect the undergraduate's right to subsequently represent an athletic club, provided the event is open only to members of collegiate associations.

lenge to compete against any professional or for money, or has agreed to become a professional, or has agreed to enter employment of any kind that would make him a professional, or (5) has pawned, bartered or sold any prize won in athletic competition, or (6) is not a registered athlete. Nor shall any person residing within the territory of any active member of this Union be eligible to compete for or to enter any competition as a member of any club in the territory of any other active member of this Union, unless he shall have been elected to membership in such club prior to April 1, 1891.

A student representing a university, college, school or other educational institution must consider such institution his residence for the purpose of registration, to represent such institution in competition; such student between June 1st and October 1st may transfer his registration to a club or other organization belonging to an active or allied member of this Union located in the district of his actual residence, which for this purpose shall be the residence of his parents or guardian, if he be a minor, or his last place of abode before entering his educational institution, if he be an adult and upon the opening of the scholastic year he may be retransferred to his educational institution.

2. (a) No one shall be eligible to compete in any athletic meeting, games or entertainment given or sanctioned by this Union unless he shall be a duly registered athlete and a member of the organization from which he enters; nor shall any member of any club in this Union, or of any club in any district in this Union, be allowed to compete as a representative of such club in case he has within one year competed as a member of any other club then in this Union, unless such other club shall have disbanded or practically ceased to exist, or unless he has taken a bona fide residence in another district of this Union.

(b) No person shall be eligible to compete for or enter any competition as a member of any club in the territory of any active member of this Union unless he shall have resided within the territory of said active member at least four months previous to entering for competition.

(c) No person shall be eligible to enter or compete in any district championship meeting unless he shall have been a bona fide resident of such district at least six months prior to the holding of such championship meeting; provided, however, that a registered athlete who has resigned from a club that is a member of the Amateur Athletic Union shall for one year after such resignation be entitled to compete in the championship meetings of the district in which he has been a bona fide resident for at least six months prior to the holding of such championship meetings, and provided also that any association may provide that no

person shall be allowed to compete at a district championship as a representative of a club unless he was a member of such club on November 20, 1911, or unless he resides within a radius from the headquarters of such club of such number of miles, not less than one hundred, as may be determined by the By-Laws of such Association.

(d) No person who has been registered in any association of the Amateur Athletic Union shall be eligible to compete for or enter any competition as a member of any club in the territory of any other active member of this Union until four months after filing his application for registration, and shall not be eligible to enter or compete in a district championship until six months after filing his application for registration.

(e) These restrictions shall not apply to undergraduates of an educational institution when representing such institution in competition.

(f) No person shall be eligible to compete in a championship meeting of more than one district in one year.

3. No prizes shall be given by any individual, club, committee or association, or competed for or accepted by any athlete, except suitably inscribed wreaths, diplomas, banners, badges, medals, timepieces and mantel ornaments, or suitably inscribed articles of jewelry, silverware, table or toilet service, unless authorized by the Registration Committee, and said prizes shall not exceed the cost of \$35 for first, \$20 for second, and \$10 for third prize, unless by special permission challenge trophies or other similar prizes are authorized by the Registration Committee and a record kept of such authorization. Suitable team and individual prizes may be awarded for team competitions in a single specialty.

4. The prohibitions of this article shall not apply to tokens or prizes (other than money), composed in whole or in part of metal, and bearing inscriptions denoting the event or contest, in any case where such tokens or prizes shall have been given or sanctioned by this Union, or any of its members, or prior to the formation of this Union, by any recognized amateur organization; provided, that if any person shall, at any time after April 1, 1891, sell, pledge or exchange for any other thing, any such token or prize, he shall thereafter be ineligible, and he shall likewise be ineligible if at the time of the competition or entry therefor he be disqualified or under suspension by this Union, or any of its members, or any organization allied with or approved by it.

5. Persons not debarred by any of the foregoing provisions of this Article, or who, having become ineligible by violation thereof, or of any heretofore recognized rule of amateur standing, have been duly reinstated, and shall, in other and all respects,

conform to the rules and regulations of this Union and its members, will be deemed by this Union and by its members amateurs.

6. The term "any athletic exercise," as used in the first section of this Article, shall be held to include such sports or exercises, athletic in form or substance, as the Board of Governors may determine.

## ARTICLE XI.

### REGISTRATION OF ATHLETES.

1. In no meeting, game or entertainment that has been sanctioned as an open athletic meeting shall an athlete's entry be accepted unless he shall have received a numbered certificate of registration, stating that he is an amateur and eligible to compete in amateur sports. The provisions of this paragraph do not apply to events that are "closed," that is, open only to members of the club giving the said games, or open only to members of a group that has been elected a member of any Association of the Amateur Athletic Union.

2. All organizations giving open games or competitions under Amateur Athletic Union rules and sanction must state on their announcements and entry blanks that no entries to open events can be accepted except from registered athletes, and that no exhibition can be given by an athlete unless such athlete is registered.

3. Each athlete to whom registration is granted shall receive a card on which shall be plainly written his number and the date of expiration of his registration.

4. An allied member may provide its own system of registration, not in conflict with the Constitution, By-Laws and Rules of the Amateur Athletic Union, as to amateur status, and available only to those actively affiliated with such allied member, and may impose such fee for registration as it may see fit.

5. The President of each active member shall be empowered to appoint athletic commissioners who shall have allotted to them territory within the territory of said active member and whose duties shall be such as is defined to them by the President and by the members of the Registration Committee and who will act as representatives of the Registration Committee, with power to grant temporary cards of registration and to grant sanctions and to disqualify athletes, and in the case of disqualifications, to investigate and try the suspected athlete and report such findings to the Chairman of the Registration Committee of such Association for final action.

6. Every active member of this Union shall elect a Registration Committee, to which shall be referred all matters within its territory pertaining to the registration and competition of athletes, and such Committee shall have power to govern and control the

conduct of all meetings held by members of the Union or under the sanction of the Union.

7. Such Committees shall receive, examine and decide upon all applications for registration and shall have the power to grant or withhold sanction for athletic meetings and to impose penalties upon promoters of athletic meetings and upon athletes who compete or exhibit at the same without sanction of the Committee, and shall have the right of censorship on the character of prizes offered at athletic meetings and may withhold or withdraw the sanction, providing its decision in excluding any prize is not complied with. All sanctions must be signed by a member of the Registration Committee and a record thereof must be preserved by said Registration Committee in a book kept for such purpose.

8. Such Committee shall have the right in considering and determining questions that affect the amateur status of any athlete to act upon any kind of evidence, circumstantial or direct, and *may receive and act upon affidavits and in its discretion may consider common report sufficient basis for suspension or disqualification* and shall have power to permanently suspend any amateur athlete who neglects or refuses within thirty days to answer questions touching his amateur status to the satisfaction of the committee.

9. Such Committees can require an itemized statement of expenses, with receipts and vouchers, from any registered athlete or from any organization holding an athletic meeting under A.A.U. rules.

10. It shall be the duty of the Registration Committee to make or have made, inquiry regarding any athlete whose amateur status is questioned, and all charges shall be entered with the Chairman of the Committee, who shall provide for an investigation by a member or members of the Committee. Pending investigation, the athlete against whom charges are brought may be suspended. Suspicious circumstances, which are, in the judgment of any member of the Committee, sufficient to make the status of any athlete a matter of reasonable doubt, shall be the basis of investigation in the absence of formal charges. The member or members to whom the investigation is assigned shall immediately communicate with the party under suspicion, either in person or by registered letter, lay all charges before him or set forth the circumstances which lead to a reasonable doubt and call for an answer to the charges or a satisfactory explanation of the circumstances which gave rise to the doubt. If the athlete cannot satisfactorily prove his innocence, the Committee may inflict such punishment as is in their judgment fitting.

11. Any person who shall refuse to testify before any Regis-

tration Committee, or to answer any question which such Committee shall rule to be proper, shall be liable to suspension or such discipline as the Committee may determine until he has purged himself of such failure or refusal.

12. Where the entry fee of any athlete remains unpaid for ten days after the meeting is held, the Games Committee may notify the Registration Committee, who shall immediately send notice by mail to the delinquent athlete, notifying him that on and after ten days from date of notice, he is suspended from competition unless and until the fee is paid.

(e) Should the person charged fail to appear and defend, he shall be considered as having admitted the truth of the charges, and in case of such default, or his conviction, he shall suffer the penalty fixed by the Board of Governors under the Constitution of this organization.

(f) Should the accused be found innocent, he shall at once be so declared and the fact made public by the Board of Governors in such manner as it may determine. ## RULE II.

## THE GAMES COMMITTEE

in all national championship meetings shall be appointed by the Championship Committee.

The Games Committee at any club meeting shall be composed of members of the club holding the meeting.

This Committee shall have jurisdiction of all matters not assigned by these rules to the Referee or other games officials. (See also Rule XV.)

## RULE III.

## THE REFEREE

shall decide all questions relating to the actual conduct of the

meeting, whose final settlement is not otherwise covered by these rules.

He alone shall have the power to change the order of events as laid down in the official programme, and to add to or to alter the announced arrangement of heats in any event. A referee has no authority, after heats have been duly drawn and published in a programme, to transfer a contestant from one heat to another.

When in any but the final heat of a race, a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have the power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

When, in a final heat, a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

If, during any athletic contest under the rules of the Amateur Athletic Union, a competitor shall conduct himself in a manner unbecoming a gentleman, or offensive to the officials, spectators or competitors, the referee shall have the power to disqualify him from further competition at the meeting; and if he thinks the offense worthy of additional punishment shall promptly make a detailed statement of the facts to the Registration Committee in whose territory the offense was committed.

## RULE IV.

### THE INSPECTORS.

It shall be the duty of an Inspector to stand at such point as the Referee may designate; to watch the competition closely, and in case of a claim of foul to report to the Referee what he saw of the incident.

Such Inspectors are merely assistants to the Referee, to whom they shall report, and have no power to make any decisions.

## RULE V.

### JUDGES AT THE FINISH.

Two shall stand at one end of the tape and two at the other. One shall take the winner, another the second man, another the third man, and the other the fourth. In case of dis-

agreement, the majority shall decide. Their decision as to the order in which the men finished shall be final and without appeal.

## RULE VI.

### THE FIELD JUDGES

shall make an accurate measurement, and keep a tally of all competitors in the high and broad jumps, the pole vault, the weight competitions and the tug of war.

They shall act as judges of these events, and their decisions, as to facts, shall likewise be without appeal. In case of disagreement a majority shall govern.

## RULE VII.

### THE TIMEKEEPERS

shall be three in number. They shall individually time all events where time record is required, and determine among themselves and announce the official time of each heat or race.

Should two of the three watches mark the same time and the third disagree, the time marked by the two watches shall be accepted. Should all three disagree, the time marked by the intermediate watch shall be accepted.

The flash of the pistol shall denote the actual time of starting.

If, for any reason, only two watches record the time of an event, and they fail to agree, the longest time of the two shall be accepted.

NOTE.—For record, however, three watches must be held on an event. See Rule IV., General Rules of the Amateur Athletic Union.

## RULE VIII.

### THE STARTER

shall have sole jurisdiction over the competitors after the Clerk of the Course has promptly placed them in their positions for the start.

The method of starting shall be by pistol report, except that in time handicap races the word "go" shall be used.

An actual start shall not be effected until the pistol has been purposely discharged after the competitors have been warned to get ready. In case the pistol was not purposely discharged the competitors shall be called back by the starter by pistol fire. (NOTE.—The starter must have at least two good cartridges in his pistol before starting a heat.)

When any part of the person of a competitor shall touch the ground in front of his mark before the starting signal is given, is shall be considered a false start.

Penalties for false starting shall be inflicted by the Starter, as follows:

In all races up to and including 125 yards the competitor shall be put back one yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, two yards for the first and two more for the second attempt; in races over 300 yards and including 600 yards, three yards for the first and three more for the second attempt; in races over 600 yards and including 1,000 yards, four yards for the first and four more for the second attempt; in races over 1,000 yards and including one mile, five yards for the first and five more for the second attempt; in all races over one mile, ten yards for the first and ten more for the second attempt. In all cases the third false start shall disqualify the offender from that event.

The starter shall also rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official programme after the starter has given the warning to "get ready."

## RULE IX.

### THE CLERK OF THE COURSE

shall be provided with the names and the numbers of all entered competitors, and he shall notify them to appear at the starting line before the start in each event in which they are entered.

In case of handicap events from marks, he shall place each competitor behind his proper mark; shall immediately notify the Starter should any competitor attempt to advance himself after the Starter has warned them to "get ready"; and in time allowance handicaps shall furnish the Starter with the number and time allowance of each actual competitor. He shall control his assistants, and assign to them such duties as he may deem proper. In all track competition run in lanes the choice of lanes shall be drawn for in each heat; in all other track competitions the positions shall be numbered from the curb or pole and shall be drawn for according to clubs in scratch events, and in handicap events the competitors shall be allotted their positions by the Clerk of the Course.

## RULE X.

### THE JUDGE OF WALKING

shall have sole power to determine the fairness or unfairness of walking, and his rulings thereon shall be final and without appeal. He shall caution any competitor whenever walking unfairly, the third caution to disqualify, except that he shall im-

mediately disqualify any competitor when walking unfairly during the last 220 yards of a race. He shall control his assistants, and assign to them such of his duties as he may deem proper.

### RULE XI.

#### THE SCORER

shall record the order in which each competitor finishes his event, together with the time furnished him by the Timekeepers. He shall keep a tally of the laps made by each competitor in races covering more than one lap, and shall announce by means of a bell, or otherwise, when the leading man enters the last lap. He shall control his assistants, and assign to them such of his duties as he may deem proper.

### RULE XII.

#### THE MARSHAL

shall have full police charge of the enclosure, and shall prevent any but officials and actual competitors from entering or remaining therein. He shall control his assistants, and assign to them their duties.

### RULE XIII.

#### THE OFFICIAL ANNOUNCER

shall receive from the Scorer and Field Judges the result of each event, and announce the same by voice, or by means of a bulletin board.

### RULE XIV.

Trainers and handlers shall not be allowed within the center field or inner field, or on the track immediately prior to or during competitions at any meeting except in distance races of five miles or over.

### RULE XV.

#### COMPETITORS

shall report to the Clerk of the Course immediately upon their arrival at the place of meeting, and shall be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they shall not be allowed to start.

Each competitor shall inform himself of the time of starting, and shall be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

Under no condition shall any attendants be allowed to accompany competitors at the start or during any competition, except in match races, where special agreement may be made.

## RULE XVI.

## PROTESTS

against any entered competitor may be made verbally or in writing to the Games Committee or any member thereof before the meeting, or to the Referee during the meeting. If possible, the Committee or Referee shall decide such protests at once. If the nature of the protest or the necessity of obtaining testimony prevents an immediate decision, the competitor shall be allowed to compete under protest, and the protest shall be decided by the Games Committee within one week, unless its subject be the amateur standing of the competitor, in which case the Games Committee must report such protest within forty-eight hours to the member of the Registration Committee in whose territory the games are being held.

## RULE XVII.

## TRACK MEASUREMENT.

All distances run or walked shall be measured upon a line eighteen inches outward from the inner edge of the track, except that in races on straightaway tracks the distance shall be measured in a direct line from the starting mark to the finishing line.

## RULE XVIII.

## THE COURSE.

Each competitor shall keep in his respective position from start to finish in all races on straightaway tracks, and in all races on tracks with one or more turns he shall not cross to the inner edge of the track, except when he is at least six feet in advance of his nearest competitor. After turning the last corner into the straight in any race, each competitor must keep a straight course to the finish line, and not cross, either to the outside or the inside, in front of any of his opponents.

In all championship races of the Amateur Athletic Union, or any of its Associations, at any distance under and including 300 yards, each competitor shall have a separate course, properly roped, staked and measured, whether the race be run on a straight path or around one or more curves.

The Referee shall disqualify from that event any competitor who wilfully pushes against, impedes, crosses the course of, or in any way interferes with another competitor.

The Referee shall disqualify from further participation in the games any contestant competing to lose, to coach, or to in any way impede the chances of another competitor either in a trial or final contest.

## RULE XIX.

## THE FINISH.

The finish line shall be a line on the ground drawn across the track from finish post to finish post, and the men shall be placed in the order in which they completely cross this line. For the purpose of aiding the judges, but not as the finish line, a thread shall be stretched across the track at the finish four feet above the ground; it shall not be held by the judges, but fastened to the finish posts on either side so that it may always be at right angles to the course and parallel to the ground; this thread should be "breasted" by the competitor or competitors in finishing and not seized with the hands.

## RULE XX.

## HURDLES.

Different heights, distances and number of hurdles may be selected for hurdle races.

In the 120 yards hurdle race, ten hurdles shall be used; each hurdle to be three feet six inches high. They shall be placed ten yards apart, with the first hurdle fifteen yards distant from the starting point, and the last hurdle fifteen yards before the finishing line. In the 220 yards hurdle race ten hurdles shall be used, each hurdle to be two feet six inches high. They shall be placed twenty yards apart, with the first hurdle twenty yards distant from the starting mark, and the last hurdle twenty yards before the finishing line.

In hurdle races of other distances, and with different numbers of hurdles, the hurdles shall be placed at equal intervals, with the same space between the first hurdle and the starting point, and the last hurdle and the finishing line as between each of the hurdles.

In making a record it shall be necessary for the competitor to jump over every hurdle in its proper position, and no record shall be allowed unless all the hurdles remain standing after the competitor clears them.

A competitor knocking down three or more hurdles or any portion of three or more hurdles in a race shall be disqualified. A competitor who trails his leg or foot alongside any hurdle shall be disqualified.

In all championship hurdle races of the Amateur Athletic Union, or any of its Associations, up to and including 300 yards, each competitor shall have separate hurdles and a separate course marked out and measured independently, whether races are run straightaway or with turns.

## RULE XXI.

## TIES.

In all contests whose results are determined by measurement of height or distance, ties shall be decided as follows:

In handicap contests the award shall be given to the competitor who received the least allowance. In case of a tie between two or more competitors who received the same allowance, the decision shall be made as in scratch contests.

In case of a tie in a scratch contest at high jumping, the tying competitors shall have three additional trials at the height last tried, and if still undecided, the bar shall be lowered to the height next below, and three trials taken at that height. If no one clears it, the bar shall be lowered again and again until one of the competitors clears it. In case of a second tie, the award shall be given to the competitor who cleared the bar with the least number of trials.

In case of a tie in the pole vault the officials shall raise or lower the bar at their discretion, and those competitors who have tied shall be allowed one trial at each height.

In handicaps, where a tie occurs, the scratch man or man with the smallest allowance shall be given the place.

In case of a tie in a scratch contest at any game decided by distance, each of the tying competitors shall have three additional trials, and the award shall be made in accordance with the distances cleared in these additional trials. In case of a second tie three more trials shall be allowed, and so on, until a decision is reached. In case of a dead heat in any track events, the competitors shall not be allowed to divide the prize or points, or to toss for them, but must compete again at a time and place appointed by the Referee.

## ORDER OF COMPETITION IN FIELD EVENTS.

In all scratch events the competitors shall take their trials in the order of their names as printed in the programme.

In all handicap events the competitor having the greatest allowance shall make the first trial, and so on, in regular order, up to the competitor at scratch or with least allowance, who shall have the last trial.

## RULE XXII.

## JUMPING.

SECTION I. A fair jump shall be one that is made without the assistance of weights, diving, somersaults or handsprings of any kind.

## THE RUNNING HIGH JUMP.

SEC. 2. The Field Judges shall decide the height at which the jump shall commence, and shall regulate the succeeding elevations.

Each competitor shall be allowed three trial jumps at each height, and if on the third trial he shall fail, he shall be declared out of the competition. The best four shall each have three more trial jumps.

At each successive height each competitor shall take one trial in his proper turn; then those failing, if any, shall have their second trial jump in a like order, after which those having failed twice shall make their third trial jump.

The jump shall be made over a bar resting on pins projecting not more than three inches from the uprights, and when this bar is removed from its place it shall be counted as a trial jump.

Running under the bar in making an attempt to jump shall be counted as a "balk," and three successive "balks" shall be counted as a trial jump.

The distance of the run before the jump shall be unlimited.

A competitor may decline to jump at any height in his turn, and by so doing, forfeits his right to again jump at the height declined.

## THE STANDING HIGH JUMP.

SEC. 3. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock forward and back, lifting heels and toes alternately from the ground, but may not lift either foot clear from the ground or slide it along the ground in any direction.

With this exception the rules governing the RUNNING HIGH JUMP shall also govern the STANDING HIGH JUMP.

---

At the annual meeting of the A.A.U., held Nov. 19, 1902, in New York City, the following was offered for guidance in the pole vault and high jump events:

"That the rules of competition require the Field Judges to make accurate measurements. The Committee has discussed the question of giving the right to move the apparatus in the high jump and in the pole vault, and we would like to call the attention of all those who are interested in athletics to the fact that if the apparatus is moved, the Field Judges should make a re-measurement, because if there is any inequality in the ground at all, changing the apparatus may make a difference varying from one inch to a quarter of an inch, and the competitor should not be allowed to have the apparatus moved and thereby get an advantage in that way."

## THE RUNNING BROAD JUMP.

SEC. 4. When jumped on earth a joist eight inches wide shall be sunk flush with it. The outer edge of this joist shall be called the scratch line, and the measurement of all jumps shall be made from it at right angles to the nearest break in the ground made by any part of the person of the competitor.

In front of the scratch line the ground shall be flush.

A foul jump shall be one where any part of the competitor's foot is over the scratch line in taking off, or where the competitor runs over the line without jumping, and shall count as a trial jump without result.

Each competitor shall have three trial jumps, and the best four shall each have three more trial jumps.

The competition shall be decided by the best of all the trial jumps of the competitors.

The distance of the run before the scratch line shall be unlimited.

## THE POLE VAULT.

SEC. 5. The height of the bar at starting and at each successive elevation shall be determined by the officials.

Three trials allowed at each height. Each competitor shall make an attempt in the order in which his name appears on the programme, then those who have failed shall have a second trial in regular order, and those failing on this trial shall take their final trial.

Displacing the bar counts as a try.

A line shall be drawn fifteen feet in front of the bar and parallel with it; crossing this line in an attempt shall be a balk. Two balks constitute a try.

Leaving the ground in an attempt shall constitute a try.

A competitor may omit his trials at any height, but if he fail at the next height he shall not be allowed to go back and try the height he omitted.

The poles shall have no assisting devices, except that they may be wound or wrapped with any substance for the purpose of affording a firmer grasp, and may have one spike at the lower end. No competitor shall, during his vault, raise the hand which was uppermost when he left the ground to a higher point on the pole, nor shall he raise the hand which was undermost when he left the ground to any point on the pole above the other hand.

Poles shall be furnished by the club giving the games, but contestants may use their private poles if they so desire, and no contestant shall be allowed to use any of these private poles

except by the consent of their owners. The poles shall be unlimited as to size and weight.

Any competitor shall be allowed to dig a hole not more than one foot in diameter at the take-off in which to plant his pole.

In case of a tie the officials shall raise or lower the bar at their discretion, and those competitors who have tied shall be allowed one trial at each height.

In handicaps where a tie occurs, the scratch man or man with the smallest allowance shall be given the place.

The rule governing the **RUNNING BROAD JUMP** shall also govern the **POLE VAULT** for distance, except that when the man leaves the ground in an attempt, it shall be counted a trial.

#### FENCE VAULT.

A mattress shall be suspended from the bar. The contestant shall stand on the floor. His hands must be on the bar when the spring is made. In making the spring, his feet shall leave the floor but once. There must be no stop in the motion of the trunk until the floor is reached. No part of the person may touch the suspended mattress. No part of the person, excepting the hands, shall touch the bar. The head must not be carried below the lower surface of the bar.

#### THE STANDING BROAD JUMP.

SEC. 6. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock forward and back, lifting heels and toes alternately from the ground, but may not lift either foot clear of the ground, or slide it along the ground in any direction.

In all other respects the rule governing the **RUNNING BROAD JUMP** shall also govern the **STANDING BROAD JUMP**.

#### THE TWO STANDING BROAD JUMPS.

SEC. 7. The rules as outlined for three jumps shall govern, except that the individual shall take but two jumps.

#### THE THREE STANDING BROAD JUMPS.

SEC. 8. The feet of the competitor shall leave the ground only once in making an attempt for each of the three jumps, and no stoppage between jumps shall be allowed. In all other respects the rules governing the **STANDING BROAD JUMP** shall also govern the **THREE STANDING BROAD JUMPS**.

## RUNNING HOP, STEP AND JUMP.

SEC. 9. The competitor shall first land upon the same foot with which he shall have taken off. The reverse foot shall be used for the second landing, and both feet shall be used for the third landing.

In all other respects the rules governing the RUNNING BROAD JUMP shall also govern the RUNNING HOP, STEP AND JUMP.

## STANDING HOP, STEP AND JUMP.

SEC. 10. The contestant shall stand upon one foot; shall spring therefrom, alighting upon the same. He shall then take a step and then a jump. With this exception, the rule for the Three Broad Jumps shall apply.

## RUNNING HIGH JUMP FROM SPRINGBOARD.

SEC. 11. The highest point of the springboard shall not be more than twenty inches from the floor. In all other respects the rules governing the Running High Jump shall count.

## RUNNING HIGH DIVE.

SEC. 12. The contestant shall spring from the floor, pass head foremost over the stick. He may land on the floor or mat. He cannot be caught by an assistant.

## RUNNING HIGH DIVE FROM SPRINGBOARD.

SEC. 13. The springboard shall be as specified under Running High Jump from springboard. In other respects the rules for the Running High Dive shall apply.

## RUNNING LONG DIVE.

SEC. 14. The contestant, in alighting shall strike his hands first, and shall then do a forward roll. In all other respects the rules for the Running Broad Jump shall apply.

## KICKING.

## RUNNING HIGH KICK.

The contestant must spring from the floor and his foot must kick the tambourine.

## RUNNING HITCH AND KICK.

The contestant must spring from the floor and kick the tambourine with the same foot from which the spring is made. He

must alight upon the same foot, and make at least two complete hops before touching anything with any other part of his person.

#### DOUBLE KICK.

Should be done the same as the High Kick, excepting that both feet must touch the tambourine at the same time. There shall be no assistance in alighting.

### RULE XXIII.

#### THE SHOT.

The shot shall be a metal sphere with a covering of any material, and the combined weight for championship contests shall be 16 pounds. It is optional with the Games Committee of handicap meetings to offer competitions of shots weighing from 12 pounds upwards.

The shot shall be "put" with one hand, and in making the attempt it shall be above and not behind the shoulder.

All puts shall be made from a circle seven feet in diameter. The circle to be a metal or wooden ring, painted or white-washed, and sunk almost flush with the ground, and it shall be divided into two halves by a line drawn through the center. In the middle of the circumference of the front half shall be placed a stop-board four feet long, four inches high, and firmly fastened to the ground. In making his puts, the feet of the competitor may rest against, but not on top of this board.

A fair put shall be one in which no part of the person of the competitor touches the top of the stop-board, the circle, or the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be the half directly opposite the stop-board. A put shall be foul if any part of the person of the competitor touch the ground outside the front half of the circle before the put is measured.

The measurement of each put shall be taken at the circle from the nearest mark made by the fall of the shot to the circumference of the circle on a line from the mark made by the shot to the center of the circle.

Foul puts and letting go the shot in making an attempt shall be counted as trial puts without result.

A board similar to the one in front may be used at the back of the circle.

The order of competing and number of trials shall be the same as for the running broad jump. Shots shall be furnished by the Games Committee. Any contestant may use his private shot, if correct in weight and shape; in which case the other contestants must also be allowed to use it if they wish.

## RULE XXIV.

## THROWING THE 56-LB. WEIGHT.

SECTION 1. The weight shall be a metal sphere with handle of any shape and material, which must be permanently attached to the sphere. Their combined weight shall be at least fifty-six pounds and their combined height shall not be more than sixteen inches.

All throws shall be made from a circle seven feet in diameter.

The circle to be a metal or wooden ring, painted or white-washed, and sunk almost flush with the ground.

In making his throws the competitor may assume any position he chooses, and use one or both hands.

Foul throws and letting go the weight in an attempt shall count as trial throws without result.

Weights shall be furnished by the Games Committee. Any contestant may use his private weight, if correct in weight and shape; in which case the other contestants must also be allowed to use it if they wish.

## IN THROWING FOR DISTANCE.

SEC. 2. A fair throw shall be one where no part of the person of the competitor touches the circle, the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be that part of the circle directly opposite the half occupied by the competitor at the moment of delivery, and shall be designated by an imaginary line drawn through the center of the circle at right angles to the direction of the throw.

The measurement of each throw shall be taken at the circle from the nearest mark made by the fall of any part of the weight or handle to the inside edge of the circumference of the circle on a line from the mark to the center of the circle.

The number of trials and method of decision shall be the same as in the running broad jump.

## IN THROWING FOR HEIGHT.

SEC. 3. A barrel head three feet in diameter shall be suspended horizontally in the air.

The field judges shall determine the height at which the barrel head shall be fixed at the beginning of the competition, and at each successive elevation.

A fair throw shall be one where no part of the person of the competitor shall touch the circle or the ground outside of the circle before the weight touches the barrel head, and where any part of the weight or handle touches any part of the barrel head.

The measurement of each throw shall be from the ground perpendicularly up to the lowest part of the barrel head.

The method of competition shall be the same as in the running high jump.

## RULE XXV.

### THROWING THE HAMMER.

The head shall be a metal sphere and the handle shall be made of wire. Such wire must be best grade spring steel wire not less than  $\frac{1}{8}$  of an inch in diameter, or No. 36 piano wire, the diameter of which is 102-1000 of an inch. If a loop grip is used it must be of rigid construction. The length of the complete implement shall not be more than four feet, and its weight not less than sixteen pounds.

The competitor may assume any position he chooses, and use either one or both hands.

All throws shall be made from a circle seven feet in diameter, the circle to be a metal or wooden ring, painted or whitewashed and sunk almost flush with the ground.

A fair throw shall be where no part of the person of the competitor touches the circle or the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be that directly opposite the half occupied by the competitor at the moment of delivery, and shall be designated by an imaginary line drawn through the center of the circle at right angles to the direction of the throw.

Foul throws and letting go of the hammer in an attempt shall count as trial throws.

The measurement of each throw shall be from the nearest mark made by the fall of the head of the hammer to the inside circumference of the circle, on a line from the mark to the center of the circle.

The number of trials and methods of decision shall be the same as in the running broad jump.

Hammers shall be furnished by the Games Committee. Any contestant may use his private hammer, if correct in weight and length; in which case the other contestants must also be allowed to use it if they wish.

## RULE XXVI.

### THROWING THE DISCUS

The discus must weight not less than 4 pounds 6.4 ounces. Its largest dimension shall be a circle, of a diameter not less than  $8\frac{5}{8}$  inches, and not more than 9 inches. In shape it must be symmetrical; each side being a counterpart of the other side. It must be smoothly finished, the surface and circumference having no projecting points, indentations, or sharp edges. The sur-

faces need not be flat, but may be waved or corrugated. The distances of these two surfaces from each other, or in other words, the thickness of the discus, must be measured at right angles to an imaginary plane passing through the center of the discus and dividing its two symmetrical sides. Measurements must be made at the center at  $\frac{1}{4}$  inch from the outer circumference of the circle and at other points on the imaginary plane; such points being at various distances from the center. At no point shall the thickness be greater than 2 inches; at all points within 1 inch from the center, the thickness shall be not less than  $1\frac{3}{4}$  inches; at the point  $\frac{1}{4}$  inch from the outer circumference the thickness shall be not less than  $\frac{1}{2}$  inch; the difference between the thicknesses measured at any two points shall not be greater than  $\frac{1}{2}$  inch if such two points be within  $\frac{1}{2}$  inch of each other.

The discus may be made of any material or combination of materials.

A discus shall be furnished by the Association or member thereof holding the games, but any competitor may use his own or any other competitor's discus, if such discus conforms with the rules in every respect.

The discus shall be thrown from a circle 7 feet in diameter. The circle and all the ground contained therein shall be at one level, and at no greater altitude than the ground upon which the discus is thrown.

The front half of the circle shall be designated by a line drawn through the center of the circle at right angles with the direction in which the throws are to be made.

Each competitor shall be allowed three throws, and the best four men shall each be allowed three more throws. Each competitor shall be credited with the best of all his throws.

Every throw shall count as one throw irrespective of whether the same be a fair throw or a foul throw.

It shall be a foul throw if the competitor, after he has stepped into the circle and started to make his throw, touches with any part of his body or clothing, the ground outside the circle before the discus strikes the ground. It shall also be a foul throw if the competitor, after the throw, touches, with any part of his body or clothing, the ground forward of the front half of the circle.

If, during the act of throwing the discus, and either before or after it leaves the hand of the competitor, the discus touches the ground, it shall count as a throw.

The measurements of each throw shall be made from the nearest mark made by the fall of the discus to the inside cir-

cumference of the circle, on a line from such mark made by the discus to the center of the circle.

## RULE XXVII.

### MEASUREMENTS.

In all weight events and broad jumps, that portion of the tape showing the feet and inches must be held by the official at the take-off or at the circle.

## RULE XXVIII.

### THROWING THE JAVELIN.

(a) The Javelin shall be 2.6 meters long (8.5 feet) and 800 grammes in weight (1.6 lbs.). It shall be of wood with a sharp iron point, and shall have about the centre of gravity a grip formed by a binding of whipcord without knots; it shall not be provided with a thong, and the shaft shall not be notched.

Every competitor must throw with a javelin provided by the Committee.

(b) The throwing shall take place from behind a scratch line. The thrower may place his foot or feet upon the line, but if either foot passes the line entirely before the javelin first strikes the ground the throw is invalid.

(c) No throw shall be counted in which the point of the javelin does not strike the ground before any part of the shaft.

(d) It is open to the competitors to throw with either hand and with or without a run.

(e) The throw is measured from the point at which the point of the javelin first strikes the ground perpendicularly to the scratch line, or the scratch line produced.

The javelin must be held by the grip, and no other method of holding is admissible. The best four shall compete in finals.

## RULE XXIX.

### TUGS-OF-WAR.

Tugs-of-war shall be pulled on cleats made of wood, same to be at least four inches thick, six inches high and twenty-two inches long, and at least six feet six inches apart. The distance from the clamp in the center to the first cleat on either side shall be not less than six feet.

The cleats shall be set on edge and bolted to the board.

The rope shall be a manilla, three-stranded rope, not less than four-and-a-half nor more than five inches in circumference. There shall be a clamp equidistant from the first cleat on either side, which shall be sufficient to hold the rope in position until released.

The clamp shall not make an appreciable kink in the rope. Any position may be assumed before the pistol is fired. No mechanical device shall be used for holding the rope. No belt other than one to protect the body shall be used. The flanges to hold the rope in place shall not be constructed so as to bind on the rope in any position that the anchor may assume. Leather shields and gloves may be used, and adhesive substances may be put on the same. The belt shall not weigh more than twenty pounds. Competitors shall not use weights in unlimited pulls, but in pulls limited to specified weights, competitors may use weights, providing the total weight of the team, including weights, does not exceed the limit.

The standard time limit for each pull shall be five minutes, and a rest of not less than ten minutes shall be allowed each competitor between trial pulls. A shorter or longer time limit may be agreed upon for other than championship contests.

When tugs-of-war are limited to teams of a given weight, competitors shall be weighed before competing. They shall be weighed as they pull; i.e., including clothing, shoes, belt, etc.

The weighing-in shall be done immediately before the pull.

No knot of any kind shall be tied in the rope, and the rope shall not be passed more than once around the body of the anchor.

In no case shall any man pull on more than one team in a contest, and no substitute shall be allowed to pull on any team that has pulled a trial.

In case a team gains three feet from its opponents, it shall be awarded the pull.

Immediately before the competition the captains of the opposing teams shall draw their numbers and compete as follows: To have a preliminary round of as many contests as the total number of teams exceeds 2, 4, 8, 16 and 32, and drop the losers. This leaves in 2, 4, 8, 16 or 32 teams, and the competition then proceeds regularly with no byes or uneven contests.

No pull shall be awarded by less than half an inch.

All competitors who have been beaten by the winner shall be entitled to compete for second place, and all who have been beaten by the winners of either first or second place shall be entitled to compete for third place.

The individual tug-of-war shall also be governed by the team rules and the contestants must pull from the first cleat from the clamp.

## RULE XXX.

### SWIMMING.

SECTION 1. Officials shall consist of one Referee, three Judges

at the Finish, three Timekeepers, one Starter, one Clerk of the Course with assistants, if necessary.

SEC. 2. Duties and powers of these officials shall be the same as is prescribed for them in the foregoing rules.

SEC. 3. In the 50 yards and 100 yards swimming races each competitor shall stand with one or both feet on the starting line, and when the signal is given, shall plunge. Stepping back, either before or after the signal, will not be allowed.

SEC. 4. The start for longer races shall be the same as the 100 yards, except that competitors may start in the water (tread-water start) from an imaginary line.

SEC. 5. Each competitor shall keep a straight course, parallel with the courses of the other competitors, from the starting station to the opposite point in the finish line. Competitors will be started ten feet apart, and each one is entitled to a straight lane of water, ten feet wide, from start to finish. Any contestant who, when out of his own water, shall touch another competitor, is liable to disqualification from that event, subject to the discretion of the Referee.

SEC. 6. Each competitor shall have finished the race when any part of his person reaches the finish line.

SEC. 7. In all handicap competitions a check starter shall be appointed, whose duty it shall be to see that no contestant starts before his proper time. He shall report any violation of this rule to the Referee, who shall disqualify such competitor, should his finish affect the result of the race.

SEC. 8. *Back Stroke*.—The competitors shall line up in the water, facing the starting end, with both hands resting on the end or rail of the bath. At the word "Go," the competitors shall push off on their backs and commence and continue swimming upon their backs throughout the race. At each end of the bath, in turning, competitors shall place both hands on the end or rail of the bath before pushing off, as at the commencement of the race. The Referee shall have absolute discretion to disqualify any competitor under this clause.

SEC. 9. *Breast Stroke*.—At the word "Go" or pistol shot, the competitors shall dive and swim on the breast. Both hands must be pushed forward and brought backward simultaneously. The body must be kept perfectly on the breast, and both shoulders on line with the surface of the water. When touching at the turn or finishing a race the touch shall be made with both hands simultaneously. Any competitor introducing or using a side stroke movement during the race to be disqualified. The Referee shall have absolute discretion to disqualify any competitor under this clause.

## SEC. 10. Regulations for diving competitions.

1. The measurements, construction and fixing of all diving boards shall be subject to the approval of the A. A. U.

2. Any club holding diving championships, not being able to comply with the regulations herein specified, shall submit such changes as may be found necessary to the National Championship Committee for approval.

3. Instruction to judges: In making awards for points for each dive the judges shall have regard to the character of the respective dive to be performed, and shall take into consideration: the manner of the dive (proper carriage, confidence and form), the force and speed of the dive, the entrance into the water and how the run or take-off is performed. When judging the carriage the individuality of the diver should be taken into consideration. The bearing in the air should be natural, easy, supple and graceful. When performing plain head dives, the head should be erect, back hallowed, legs closed with feet turned back, arms supple and fingers closed. The start should be made gracefully, with confidence and in a bold manner; in running dives the force and energy imparted should be considered. The entrance into the water should be made without splashing and with good carriage of the body.

4. For each dive each judge shall award points according to the following scale:

	Points.
Unsuccessful attempt.....	0
Bad dive.....	3
Fair dive.....	6
Good dive.....	8
Excellent dive.....	10

The judges may mark points and half points between those mentioned in the above scale, but 10 shall be the highest possible that can be awarded by any judge.

NOTE.—An unsuccessful attempt is one in which the competitor has failed to perform the dive nominated.

In all jack-knife dives the competitor should enter the water within six feet from the take-off.

All head dives with arms by sides are ruled out.

Swallow and all other forms of straight front dives are to be considered as plain front dives.

5. Under observation of the foregoing conditions and instructions, in making their respective awards each judge shall:

a. Write down his points for each dive performed by each competitor according to the scale of points named in Rule 4.

b. To the points awarded by him for each voluntary dive shall be added the points allowed for the degree of difficulty in

each case as specified against each dive named in the respective diving tables.

- c. After the total of points for each competitor has been found and checked as being correct, each judge shall place the competitors in the order in which they finish on his diving card. He shall give, 1, to the diver scoring the greatest number of points, 2, to the diver scoring the second greatest number a. s. f. If two competitors score the same number of points their place numbers shall be added and each given one-half. For instance, if two competitors receive the same number of points, which is the second largest on the diving card of a judge, their place numbers 2 and 3 shall be added, and each competitor will receive  $2\frac{1}{2}$ , and the next following competitor shall receive the number 4. The place numbers given to the respective competitors by each of the three judges shall be added and the competitor showing the lowest total shall be declared the winner. In case of a dead heat the highest total of points shall decide in favor of the respective competitor.

If a competitor fails to score at least three points for the execution of any of his voluntary dives he shall not be credited with the degree of difficulty for the respective dive by the respective judge.

A list of voluntary dives shall be submitted by each competitor to the judges in writing before the beginning of the competition. No competitor shall be permitted to repeat any of his dives.

*Fancy Diving from the Spring-Board.*—The height of the board shall be 10 feet from the surface of the water. The board shall have a length of 13 feet and shall be 20 inches wide and shall be of the usual elastic character.

The program for championships shall consist of the following dives: Running front dive, back dive, front jack-knife, back jack-knife and six voluntary dives selected from the following table:

The program for championships shall comprise two compulsory dives from the 16-foot platform, namely, one plain back dive and one backward somersault, and two from the 32-foot platform, one "running plain dive" and one "standing plain dive," and six voluntary dives to be performed from the 32-foot platform.

SEC. 11. *Plunge for Distance.*—The maximum height of take-off for the plunge for distance shall be limited to eighteen inches above the surface of the water.

A plunge shall be a standing dive, made head first from an indicated firm take-off (i.e., "diving base"), free from spring. The body is to be kept motionless—face downward—and no progressive action to be imparted to it other than impetus of the dive.

The plunge shall terminate, if the competitor has not already raised his face above the surface of the water, at the expiration of 60 seconds, or such time as may have been previously announced by the promoting body. The duration of such plunge shall be reckoned from the time the competitor dives from the take-off.

At the finish of any plunge the competitor must leave the water as quietly as possible. Anyone disturbing the water so as to interfere with the progress of the competitor following to be disqualified.

The distance traversed in a plunge shall be measured along a straight line, at right angles to the diving base, to a line parallel to the diving base, over the farthest point reached by any portion of the competitor's body while fulfilling the above conditions.

In championship or level contests each competitor shall be allowed three plunges, and the farthest plunge shall win. In handicaps, the number of plunges shall be left to the discretion of the promoting club.

When a contestant touches the side of the tank or pool, his distance shall be taken and he shall be compelled to stop.

A line may be made or painted along the bottom of the pool or tank to enable the contestants to guide themselves.

SEC. 12. *Miscellaneous.*—A competitor in turning must touch the end of the bath or course with one or both hands before kicking off.

The contestant in a handicap race who has the lowest handicap shall have the choice of position.

Where two men are on the same mark they shall draw for choice of position.

In case of a dead heat in a handicap the contestant with the lowest handicap shall be declared the winner. Where a dead heat occurs between two men on the same mark the tie shall be decided by a swim-off on the same day, or the one refusing to swim shall be given the second prize.

Choice of position shall be drawn for in races other than handicap.

When a trophy or prize is given to a club scoring the greatest number of points in a meeting the points shall be counted as follows:

First in swim, plunge or dive.....	5
Second in swim, plunge or dive.....	3
Third in swim, plunge or dive.....	1
First relay .....	10
Second relay .....	6
Third relay .....	2
First water polo.....	15
Second water polo .....	9
Third water polo .....	3

No record shall be accepted for a swimming race that has been made in a tank or pool less than sixty feet in length.

No performance made in a handicap competition shall be allowed as a record unless at least three watches shall have been started on the competitor claiming such record.

No record shall be allowed for an indoor performance where the distance does not finish at the end of the bath or tank, unless a rope, to indicate the finish, is stretched across the bath or tank at a sufficient height from the surface of the water not to interfere with the swimmer, and the time taken when the competitor's head passes the line.

### RULE XXXI.

All organizations who have received sanction for any contests where prizes are offered on entry blanks, shall be required to send to the local registration committee, before the date of the games, a copy of their entry blank, and must state the value of the prizes to be given for each event.

After November 19th, 1900, no sanction will be given to any organization which shall fail to give prizes as stated on their entry blanks, and from the same date, with every sanction granted, shall be sent a copy of Section 6, Article XI., of the Constitution and this rule.

## A. A. U. BOXING RULES

1. In all open competitions the ring shall be not less than 16 feet nor more than 24 feet square, and shall be formed of 8 stakes or ropes, the latter extending in double lines, the uppermost line 4 feet from the floor and the lower line 2 feet from the floor.

2. Competitors to box in regulation athletic costume, in shoes without spikes, or in socks, and to use boxing gloves of not more than 8 ounces in weight.

3. Weights to be: Bantam, 105 lbs. and under; Feather, 115 lbs. and under; Light, 135 lbs. and under; Welter, 145 lbs. and under; Middle, 158 lbs. and under; Heavy, 158 lbs. and over.

4. Any athlete who weighs in and then fails to compete, without an excuse satisfactory to the Games Committee, shall be suspended for six months. All weighing in shall cease as soon as the first bout of the tournament on each night is commenced.

5. In all open competitions the result shall be decided by two Judges, with a Referee. A Timekeeper shall be appointed.

6. In all competitions the number of rounds to be contested shall be three. The duration of rounds in the trial bout shall be limited to three minutes each. In the "finals" the first two rounds will be three minutes each and the final round four minutes. The interval between each round shall be one minute.

7. In all competitions any competitor failing to come up when time is called shall lose the bout.

8. Immediately before the competition each competitor who has weighed in shall draw in person his number and compete as follows: Have a preliminary round of as many contests as the total number of contestants can be divided by two. In case any contestant does not compete in the preliminary series, he shall be allotted a number in the next series of bouts, so as to avoid the possibility of again drawing a bye. This leaves 2, 4, 8 or 16 contestants, and the rounds then proceed regularly without byes or uneven contests.

9. Each competitor shall be entitled to the assistance of two seconds only, and no advice or coaching shall be given to any competitor by his seconds or either of them, or by any other person during the progress of any round. For a violation of this section the Referee may disqualify the competitor who is so advised or coached.

10. The manner of judging shall be as follows: The two Judges and Referee shall be stationed apart. At the end of each bout each Judge shall write the name of the competitor who in his opinion has won, and shall hand the same to the

Announcer (or Master of Ceremonies). In case the Judges agree, the Master of Ceremonies shall announce the name of the winner; but in cases where the Judges disagree, the Master of Ceremonies shall so inform the Referee, who shall thereupon himself decide.

11. The Referee shall have power to give his casting vote when the Judges disagree, to caution or disqualify a competitor for infringing rules, or to stop a round in the event of either man being knocked down, providing that the stopping of either of the first two rounds shall not disqualify any competitor from competing in the final round to decide the competition in the event of either man showing so marked a superiority over the other that a continuation of the contest would serve only to show the loser's ability to take punishment. And the Referee can order a further round, limited to two minutes, in the event of the Judges disagreeing.

12. The decision of the Judges or Referee, as the case may be, shall be final.

13. In all competitions the decision shall be given in favor of the competitor who displays the best style and obtains the greatest number of points. The points shall be: For attack, direct clean hits with the *knuckles* of either hand, on any part of the front or sides of the head, or body above the belt; defence guarding, slipping, ducking, counter-hitting or getting away. Where points are otherwise equal, consideration to be given the man who does most of the leading off.

14. The Referee may disqualify a competitor who is boxing unfairly, by kicking, or hitting with the open glove, by hitting with the inside or butt of the hand, the wrist or elbow, hitting or catching hold below the waist, or hitting when down (one knee and one hand or both knees on the floor), butting with the head or shoulder, wrestling or roughing at the ropes, using offensive and scurrilous language, or not obeying the orders of the Referee.

## AMERICAN WATER POLO RULES

---

**Rule No. 1.—The Ball.** The ball shall be the regulation white rubber Association, not less than seven inches nor more than eight inches in diameter, inflated about seven-eighths full, and shall be inspected by the referee before putting it in play to see that the inflation is as prescribed.

**Rule No. 2.—The Playing Area.** The playing area shall be a space optional in size, but preferably 40x60 or 25x75 feet, marked as follows: A mark on each side equally distant from the ends to show the centre. Marks four feet from each end, on both sides of pool or playing area and imaginary lines between these marks to be called the "four-foot lines." Marks two feet from each end of the goals and imaginary lines from them at right angles to the four-foot lines. The spaces so bounded (four feet by eight feet) to be called "goal sections." Marks fifteen feet from the ends and imaginary lines between these marks to be called "fifteen-foot lines."

**Rule No. 3.—The Goals.** The goals shall be spaces four feet long, twelve inches high, marked "Goal" in large letters, at each end of the playing area, eighteen inches above the water and equally distant from either side. To score a "goal" the goal must be touched by the ball while it is in contact with the hand of a player from the other side.

**Rule No. 4.—The Teams. A.—**A team shall consist of six men, with two reserve men who may be substituted any time the ball is not in play. A player leaving the game cannot return. No prize shall be given to a member of the team who does not actively participate in the game.

**B.—**The start shall be made by both teams lining up at their respective ends, and the ball shall be placed in the centre of the tank or pool by the referee and held there with a pole fitted to a ring until the whistle is blown. Start for the ball being made only at sound of the whistle. In case of a false start teams shall line up as before. Three false starts constitute a foul.

**C.—**After each goal and after time has been called by the referee for the purpose of cautioning general fouling, repairing of suits, introducing of substitutes, or taking a player

from the game, the teams shall line up as at the start of the game. The referee, when he finds it necessary to caution one or more players may stop and start the game without lining up, if the general positions of ball and players remain unchanged.

Rule No. 5.—The Captains. The captains shall be playing members of the teams and shall toss for choice of ends, at start of play. The ends shall be changed in the second half and tossed for again if an extra period be played. The captain of either team may call for time at any period of the game, for the purpose of repairing suits and introducing substitutes, provided his side is in possession of the ball, by raising his hand and calling "time." All protests to officials must come through the captains. Any player questioning the decision of the officials shall be reprimanded for the first offence, and may be disqualified from further participation in the game for a second offence.

Rule No. 6.—The Time. The time of play shall be sixteen minutes' actual play, divided into two halves of eight minutes each, with an intermission of five minutes between. Time occupied by disputes, repairing suits, replacing men and lining up for a new start shall not be counted as time of play. In case of a tie score at the end of the second half, extra periods shall be played until one side scores, this score deciding the game. Time of play may be shortened or intermission lengthened by mutual agreement of captains, except in championship games.

Rule No. 7.—The Officials. A.—There shall be a referee and four goal judges. Each team shall appoint two goal judges, one to serve at each goal. It shall be the duty of the goal judges to notify the referee upon a goal being scored and only in case the judges disagree shall the referee have the power to decide whether the goal be fairly made or not. The judges may call the attention of the referee to fouls that escape his notice.

B.—The referee shall decide all fouls and shall caution the teams for the first offense and shall give the offended side a free try for goal for each succeeding foul. His decision is final and without appeal.

C.—The referee shall report in writing to the Registration Committee of the Association in whose territory the game is held, all players who are excluded from the game for any cause, giving full particulars of the occurrence.

D.—In all championship games the referee shall be appointed by the Championship Committee.

Rule No. 8.—The Ball in Play. A.—The ball shall be kept on or as near the surface as possible and shall never intentionally be carried under water. Under no circumstances shall the man swim more than eight feet under water with the ball, and then only when forced under by an opponent. No goal can be scored on an under-water pass.

B.—The ball going out of the playing area shall be returned to the place from which it was thrown and given to the opposite team unless this places them in possession of the ball within their opponents' four-foot line, when they shall receive the ball on the fifteen-foot line.

' Rule No. 9.—The Players. A.—No player shall be allowed inside the four-foot line until the ball is within it, the goal tenders, two in number, of the defending side alone being exempt from this rule. When the ball is within this line the goal tenders shall not be allowed artificial support other than the bottom of the pool or playing area. Exception: When one of the defending or one of the attacking players enters the four-foot zone by mistake, and corrects it at once, the mistake in no way affecting the play, the foul shall not be counted.

B.—No player shall tackle an opponent unless, said opponent is within four feet of the ball, except when the ball is inside the goal section, when indiscriminate tackling within that space is allowed. A player, in covering an opponent, may block him but shall not lay hands on him except as above.

C.—No player shall hold onto the sides or ends of the tank except for the purpose of resting and shall take no part in the play while resting.

D.—A player put out of the game on account of roughness or continued fouling, cannot return to the game at the expiration of his time limit if the ball is within his own fifteen-foot line in possession of his opponents, nor can he re-enter the game until the ball so held passes out of the said fifteen-foot line.

Rule No. 10.—Fouls. A foul is the breaking of any rule. It shall be a foul to tackle an opponent not within four feet of the ball or to cross the four-foot line ahead of the ball unless forced over by an opponent; or to hold onto the sides of the

tank except for the purpose of resting, or to tackle an opponent by the costume. Unnecessary rough work, such as slugging, kicking, continuing to tackle a player after time has been called or the play stopped for any cause, may in the discretion of the referee, either be counted an ordinary foul, or he may put the offender or offenders out of the game for a specified period of time, or until a goal is scored or the half ends. During a free try for goal, if a man is put out of the game no player shall replace him inside the fifteen-foot line until the free try ends.

Exceptions.—If the defending side fouls after the ball is within their four-foot line and the goal is scored the foul shall not be counted. If, however, the attacking side fails at the goal they shall at once be given a free try. If the attacking side fouls and before the foul is called they make a goal the loss of this goal shall be the only penalty and no free try shall be given the offended side.

Rule No. 11.—Free Try. A "free try" for goal is given by lining up three men from the offended side outside their opponents' fifteen-foot line with the ball, and three men from the offending side behind their four-foot line, when the offended side may try for goal until one is scored or the ball goes outside the fifteen-foot line. Only three men from each side shall be within the fifteen-foot line until after the "free try" ends, i. e., until the goal is made or the ball passes outside the fifteen-foot line, when play is resumed by all players.

Rule No. 12.—Stopping Play. When for any reason the referee wishes to call time or stop the play during the half, a pistol shall be fired. This signal shall immediately render the ball dead, and the ball so stopped shall not again be put in play except by the referee.

## RELAY RACING RULES

---

1. A line shall be drawn twenty feet in front of each starting line. Between these two lines each runner must touch the succeeding runner. Failure to do this shall disqualify the team in that event. There shall be Judges of Relay Racing whose duties it shall be to see that all touches are properly made.

2. The same rules with reference to fouling, coaching or impeding a runner in any manner, apply to relay racing as to other running events.

3. In the case of a handicap relay race, the runner on the first relay is granted the total handicap allowed each team.

4. No member of a relay team, in order to relieve his team mate, can run back of the line. No man can run two relays in any one team.

5. Only those are allowed to run in the final heat of a Relay Race who have competed in the trial heats.

6. The positions of the teams must be drawn for.

7. In all Relay Races an announcement must be made as to what distance each man is to run in his relay. Any man failing to run the distance required shall cause his team to be disqualified. And the failing of any one man to run his full relay shall cause the team to be disqualified.

### EXPLANATION.

*Paragraph 2.* Each runner must actually touch the succeeding runner; overlapping or making an attempt and failing cannot be considered a touch-off. The twenty feet in front is given for the sole purpose of making a man wait to be touched and the referee has no other alternative than to disqualify an athlete who fails to touch the succeeding runner on his attempt, which latter, however, shall start from the starting line.

---

## STEEPLECHASING RULES

---

In the steeplechase, every competitor must go over or through the water, and any one who jumps to one side or the other of the water jump shall be disqualified by the Referee. The hurdles and jumps shall not be over three feet in height and there shall be twenty hurdles to every mile.

## WHEN AN AMATEUR BECOMES A PROFESSIONAL

---

The Amateur Athletic Union of the United States, without enlarging or diminishing or in any way modifying the provisions of the Constitution, By-Laws and General Rules, to which for more explicit information reference must always be had, hereby authorizes the following as a

*Summary of the tests which have been applied in the determination of questions of amateur standing.*

An athlete becomes a professional if he

(1) Enters a competition for money or for prizes of more than \$35 in value. (Const., Art. X, Sec. 1 (1), Secs. 3, 4.)

(2) Sells or pawns his prizes. (Const., Art. X, Sec. 1, (4).)

(3) Accepts a purse of money (Const., Art. X, Sec. 1 (1).)

(4) Enters a competition under a false name. (Const., Art. X, Sec. 1 (2).)

(5) Enters a competition open to a professional, or knowingly competes with a professional. (Const., Art. X, Sec. 1 (3).)

(6) Issues a challenge to compete for money or its equivalent. (Const., Art. X, Sec. 1 (4).)

(7) Receives reward for becoming or continuing a member of an Athletic Organization. (Const., Art. X, Sec. 1 (1).)

(8) Teaches, trains, or coaches in an athletic sport for money or any valuable consideration. (Const., Art. X, Sec. 1 (1).)

An athlete is disqualified from competing as an amateur who has committed any of the following acts:

(1) Entering or competing against others than registered amateurs in good standing. (Const., Art. X, Sec. 1 (6), Sec. 2, General Rule 1).

(2) Competing from an organization.

(a) In whose employ he is. (Const., Art. X, Sec. 1 (1).)

(b) In which he is not a member in good standing. (Const., Art. X, Sec. 1 (2).)

(c) When he has competed from another organization within three months. (Art. X, Sec. 2.)

(d) When he has competed from another existing organization within a year, except upon written release from that organization. (Const., Art. X, Sec. 2.)

(3) Violating the rules of affiliated bodies when in their games. (Const., Art. X, Sec. 4.)

(4) Acting in a discourteous or unfair manner. (Const., Art. XI, Secs. 11-12.)

(5) Competing when knowingly under suspension. (Const., Art. X, Sec. 4; Art. XI, Sec. 9, General Rule 1.)

(6) Competing in games not duly authorized. (General Rule 1.)

(7) Entering open games when unregistered. (Const., Art. X, Sec. 1 (6).)

(8) Refusing to testify. (Const., Art. XI, Sec. 10.)

For the purpose of defining the position of the Amateur Athletic Union in regard to certain matters which have been the subject of some discussion, the following construction of our Constitution, By-Laws and Rules is authorized and promulgated:

(1) In sports over which the Amateur Athletic Union has not assumed jurisdiction, the following are recognized as governing bodies:

National Association of Amateur Oarsmen.

United States Golf Association.

United States National Lawn Tennis Association.

National Archery Association.

National Roque Association.

Amateur Fencers League of America.

The Amateur Athletic Union recognizes the right of collegiate associations and scholastic associations to govern themselves and to compete among themselves without registration or sanction of the Amateur Athletic Union; but teams other than track teams duly authorized to represent an educational institution may only compete with teams of outside organizations when such latter teams are duly registered.

Unless the team representing the educational institution is properly authorized to represent its institution, both teams must be registered.

At all meetings held under the management of educational institutions all athletes competing who are not members of educational institutions must be registered.

An athlete cannot compete as an amateur who has coached or instructed for money or received excessive expenses, or played with or against professionals in baseball or football, except that this shall not apply to the individuals of a team composed entirely of amateurs which has played against a professional team. A single professional player on a team makes the team professional.

By **JAMES E. SULLIVAN**

Sec'y-Treas. Amateur Athletic Union; Member Board of Education Greater New York

**T**HE great interest in athletics that has developed in the public schools within re-

cent years has led to the compilation of this book with a view to the systemization of the various events that form the distinctively athletic feature of school recreation. With its aid any teacher should be able to conduct a successful meet, while the directions given for becoming expert in the various lines will appeal to the pupil. Some of the leading athletes have contributed chapters on

their specialties: Ray Ewry, holder of the world's high jump record, tells how to

practice for that event; Harry Hillman, holder of the hurdle and three-legged records, gives hints on hurdle racing and three-legged racing; Martin Sheridan, all-around champion of America, gives directions for putting the shot; Harry F. Porter,

high jump expert, describes how to become proficient in that event. Book is illustrated with photos taken especially for it in public school yards.

## Spalding Olympic Discus

Since the introduction of Discus Throwing, which was revived at the Olympic Games, at Athens, in 1896, and which was one of the principal features at the recent games held there, the Spalding Discus has been recognized as the official Discus, and is used in all competitions because it conforms exactly to the official rules in every respect, and is exactly the same as used at Athens, 1906, and London, 1908. ## Spalding Vaulting Poles—Selected Spruce, Solid

The greatest care has been exercised in making these poles. In selecting the spruce only the most perfect and thoroughly seasoned pieces have been used. All of this goes to make them what we claim they are, the only poles really fit and safe for an athlete to use.

No. 103. 14 ft. long. Ea., \$ No. 104. 16 ft. long. Ea., \$  
We guarantee all of our wood vaulting poles to be perfect in material and workmanship, but we do not guarantee against breaks while in use, as we have found in our experience that they are usually caused by improper use or abuse.

## Spalding Bamboo Vaulting Poles

Owing to differences in climatic conditions it is impossible to keep Bamboo Vaulting Poles from cracking. These cracks or season checks do not appreciably detract from the merits of the poles, although they may be wide open and extend through several sections on one side. All of our tests would seem to prove that poles with season checks may be accepted as safe and durable. Very frequently such splits or season checks can be entirely closed by placing the pole in a damp place for a day or so.

## Mike Murphy "Rub-In" Athletic Liniment

THIS PREPARATION is the same as has been used by Mike Murphy, the famous athletic trainer, in conditioning the Yale, University of Pennsylvania and other college teams which have been under his charge. He is famous for the perfect condition in which he brings his athletes into a contest, and the ingredients and proper preparation of his "Rub-In" Liniment has been a closely guarded secret. He has finally turned the formula over to A. G. If any defect is discovered during the first game in which it is used, or during the first day's practice use, and, if returned at once, we will replace same under this guarantee. # Spalding "Official National League" Ball

REG. U. S. PAT. OFF.

Patented  
August 31, 1909

PATENT

CORK  
CENTER

THE Spalding "Cork Center" has not only improved the ball, but it has also improved the game. Base ball played with the Spalding "Cork Center" Ball is as far in advance of the game played with an ordinary rubber center ball as the game played with the Spalding "Official National League" Ball of 1909 and before was in advance of the original game with the home made ball composed of a slice from a rubber shoe, some yarn from dad's woolen sock, and a cover made of leather bought from the village cobbler and deftly wrapped and sewed on by a patient mother after her day's work was done.

Base ball to-day is no haphazard amusement, it is a scientific pastime, a sport of almost geometric exactitude. It commands the best that is in men of national prominence, and gives in return the plaudits of millions who testify by their presence and enthusiasm to the wonderful hold which this most remarkable game has upon the feelings of the great American public.

Anything which results in making the game more interesting to the spectators is good for the game itself, providing it does not interfere with the development of the sport as an athletic pastime. With the Spalding "Cork Center" Ball the game is just as interesting, in the last inning as in the first, the ball holds its life right through the game and being a more even playing ball than the old rubber center style it makes the game a surer test of the relative skill of the opposing teams.

## To Those Who Play Base Ball

Every modification we have ever adopted in the construction of our Official League Ball has been decided upon after exhaustive experiments, always with the sole purpose of improving the qualities of the ball. The last improvement was in the core itself. The result is that the 1912 Spalding Official League Ball is the best type of ball we have ever turned out. It is more durable, more uniform in resistance, and holds its spherical shape better than any type of base ball made heretofore by anybody. I consider the 1912 Spalding Official League Ball nearer perfection than any base ball ever made. I personally investigated this improvement when it was first proposed in 1908. I then had an exhaustive series of experiments and tests made to determine whether the core could be improved. I was present at these experiments and found that unquestionably the 1912 type of ball was a great improvement from the standpoint of the ball player as well as the durability of the ball itself. I therefore authorize the following statement:

THE SPALDING 1912 OFFICIAL LEAGUE BALL is the best base ball that has ever been manufactured and sold by anybody.

# Spalding "Official National League" Ball

(REG. U. S. PAT. OFF.)

## Patent Cork Center

(PATENTED AUGUST 31, 1908)

Adopted by the National League in 1878, is the only ball used in Championship games since that time and has now been adopted for twenty years more, making a total adoption of fifty-four years.

In adopting the Spalding "Official National League" Ball for twenty years more the Secretary of the National League, Mr. John A. Heydler, gave the following as the reason for this action:

"The Spalding Ball was adopted by the National League for twenty years, because we recognized it as the best ball made. We have used it satisfactorily for thirty-four years. The new Cork Center Ball introduced for the first time last year and used in the World's Series, we believe to be the only ball for the future, and it is absolutely the best that has been used by the National League in its history."

This ball has the Spalding "Patent" Cork Center, the same as used since August 1, 1910, without change in size of cork or construction.

# Durand-Steel Lockers

**Wooden lockers are objectionable**, because they attract vermin, absorb odors, can be easily broken into, and are dangerous on account of fire.

**Lockers made from wire mesh or expanded metal afford little security**, as they can be easily entered with wire cutters. Clothes placed in them become covered with dust, and the lockers themselves present a poor appearance, resembling animal cages.

**Durand-Steel Lockers** are made of finest grade furniture steel and are finished with gloss black, furnace-baked japan (400°), comparable to that used on hospital ware, which will never flake off nor require refinishing, as do paints and enamels.

Some of the 6,000 Durand-Steel Lockers installed in the Public Gymnasiums of Chicago. 12'x 15'x 42", Double Tier.

**Durand-Steel Lockers** are usually built with doors perforated full length in panel design with sides and backs solid. This prevents clothes in one locker from coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but, if the purchaser prefers, we perforate the backs also.

**The cost of Durand-Steel Lockers is no more than that of first-class wooden lockers**, and they last as long as the building, are sanitary, secure, and, in addition, are fire-proof.

THE FOLLOWING STANDARD SIZES ARE  
THOSE MOST COMMONLY USED:

DOUBLE TIER	SINGLE TIER
12 x 12 x 36 inch	12 x 12 x 60 inch
15 x 15 x 36 inch	15 x 15 x 60 inch
12 x 12 x 42 inch	12 x 12 x 72 inch
15 x 15 x 42 inch	15 x 15 x 72 inch

SPECIAL SIZES MADE TO ORDER.

We are handling lockers as a special contract business, and shipment will in every case be made direct from the factory in Chicago. If you will let us know the number of lockers, size and arrangement, we shall be glad to take up, through correspondence, the matter of price.

# Standard Policy

A Standard Quality must be inseparably linked to a Standard Policy. Without a definite and Standard Mercantile Policy, it is impossible for a Manufacturer to long maintain a Standard Quality.

To market his goods through a jobber, a manufacturer must provide a profit for the jobber as well as for the retail dealer. To meet these conditions of Dual Profits, the manufacturer is obliged to set a proportionately high list price on his goods to the consumer.

To enable the glib salesman, when booking his orders, to figure out attractive profits to both the jobber and retailer, these high list prices are absolutely essential; but their real purpose will have been served when the manufacturer has secured his order from the jobber, and the jobber has secured his order from the retailer.

However, these deceptive high list prices are not air to the consumer, who does not, and, in reality, is not ever expected to pay these fancy list prices.

When the season opens for the sale of such goods, with their misleading but alluring high list prices, the retailer begins to realize his responsibilities, and grapples with the situation as best he can, by offering "special discounts," which vary with local trade conditions.

Under this system of merchandising, the profits to both the manufacturer and the jobber are assured; but as there is no stability maintained in the prices to the consumer, the keen competition amongst the local dealers invariably leads to a demoralized cutting of prices by which the profits of the retailer are practically eliminated.

This demoralization always reacts on the manufacturer. The jobber insists on lower, and still lower, prices. The manufacturer, in his turn, meets this demand for the lowering of prices by the only way open to him, viz.: the cheapening and degrading of the quality of his product.

The foregoing conditions became so intolerable that, 13 years ago, in 1899, A. G. Spalding & Bros. determined to rectify this demoralization in the Athletic Goods Trade, and inaugurated what has since become known as "The Spalding Policy."

The "Spalding Policy" eliminates the jobber entirely, so far as Spalding Goods are concerned, and the retail dealer secures the supply of Spalding Athletic Goods direct from the manufacturer by which the retail dealer is assured a fair, legitimate and certain profit on all Spalding Athletic Goods, and the consumer is assured a Standard Quality and is protected from imposition.

The "Spalding Policy" is decidedly for the interest and protection of the users of Athletic Goods, and acts in two ways:

*First.*—The user is assured of genuine Official Standard Athletic Goods and the same prices to everybody.

*Second.*—As manufacturers, we can proceed with confidence in purchasing at the proper time, the very best raw materials required in the manufacture of our various goods, well ahead of their respective seasons, and this enables us to provide the necessary quantity and absolutely maintain the Spalding Standard of Quality.

All retail dealers handling Spalding Athletic Goods are requested to supply consumers at our regular printed catalogue prices—neither more nor less—the same prices that similar goods are sold for in our New York, Chicago and other stores.

All Spalding dealers, as well as users of Spalding Athletic Goods, are treated exactly alike and no special rebates or discriminations are allowed to anyone.

This briefly is the "Spalding Policy," which has already been in successful operation for the past 13 years, and will be indefinitely continued.

In other words, "The Spalding Policy" is a "square deal" for everybody.

A. G. SPALDING & BROS.

By *A. G. Spalding.*  
PRESIDENT.

# Standard Quality

---

An article that is universally given the appellation "Standard" is thereby conceded to be the criterion, to which are compared all other things of a similar nature. For instance, the Gold Dollar of the United States is the Standard unit of currency, because it must legally contain a specific proportion of pure gold, and the fact of its being Genuine is **guaranteed** by the Government Stamp thereon. As a protection to the users of this currency against counterfeiting and other tricks, considerable money is expended in maintaining a Secret Service Bureau of Experts. Under the law, citizen manufacturers must depend to a great extent upon Trade-Marks and similar devices to protect themselves against counterfeit products—without the aid of "Government Detectives" or "Public Opinion" to assist them.

Consequently the "Consumer's Protection" against misrepresentation and "inferior quality" rests entirely upon the integrity and responsibility of the "Manufacturer."

A. G. Spalding & Bros. have, by their rigorous attention to "Quality," for thirty-four years, caused their Trade-Mark to become known throughout the world as a Guarantee of Quality as dependable in their field as the U. S. Currency is in its field.

The necessity of upholding the Guarantee of the Spalding Trade-Mark and maintaining the Standard Quality of their Athletic Goods, is, therefore, as obvious as is the necessity of the Government in maintaining a Standard Currency.

Thus each consumer is not only insuring himself but also protecting other consumers when he assists a Reliable Manufacturer in upholding his Trade-Mark and all that it stands for. Therefore, we urge all users of our Athletic Goods to assist us in maintaining the Spalding Standard of Excellence, by insisting that our Trade-Mark be plainly stamped on all athletic goods which they buy, because without this precaution our best efforts towards maintaining Standard Quality and preventing fraudulent substitution will be ineffectual.

Manufacturers of Standard Articles invariably suffer the reputation of being high-priced, and this sentiment is fostered and emphasized by makers of "inferior goods," with whom low prices are the main consideration.

A manufacturer of recognized Standard Goods, with a reputation to uphold and a guarantee to protect, must necessarily have higher prices than a manufacturer of cheap goods, whose idea of and basis of a claim for Standard Quality depends principally upon the eloquence of the salesman.

We know from experience that there is no quicksand more unstable than poverty in quality—and we avoid this quicksand by Standard Quality.
